Hen's Night

Congratulations to the bride

.....and good on you for taking on the role of chief hen's night organizer!

We hope to make it easier for you by orchestrating the decorations, food, drink and entertainment from this end, but *absolutely* need your input.

We will forward a short list of questions about the bride and guests so we can provide appropriate themeing and party game suggestions as well as sur-prizes for winning participants. We will also forward a selections menu of canapés and cocktails

As most of the guests will already be inhouse for the wedding, we will utilize a great little licensed cafe at the front of the resort which overlooks the twinkling lights of the village and out to the Whitsunday islands and beyond.. This makes it easy for guests to walk back to their unit....or down to the nightclubs to party on. Oh, and the best part ...no one is left to clean up at the end ... 'cause we do it for you.

We suggest that 1½ to 2 hours is usually sufficient time for everyone to have a little fun, a little nibble, a drink or two and loads of laughter.....

Please download the attached information sheet.

We require a minimum number of 10 guests
