

Murder Mystery Dinner

About Murder Mystery Night

Murder Mystery dinners are great fun for any size group from 6 guests to any number. You can select a shorter mystery where the characters and conversations are scripted, and the characters can be assigned on the night, or you can choose a more interactive mystery where guests or family members are pre-allocated a character a couple of days prior, and have the fun of dressing up to suit their role. This makes for lots of excitement and anticipation leading up to the night.

There are family friendly murder mysteries or non-murder mysteries to suit everyone, as well as seasonal mysteries like Christmas or even themed murder mysteries.

Family Fun Night

A strong focus of Toscana Village Resort is about families and spending time together. We can create a family evening mystery event that could quickly become a favourite holiday memory.

We have a wonderful intimate licensed function room located at the front of the resort purposely designed for such occasions. You can select from a variety of catering and drink menus for the dinner portion of the murder mystery night
